SOLIHULL LOCAL PLAN REVIEW

Dear Mr Palmer, Thank you for your update dated 29th Jan 2019 and I am writing as I am unable currently to access the Online portal to provide my views. I will, of course, attend the Consultation Drop in Session on 26/2.

Firstly Please arrange to amend your records to correct the Spelling of my Surname to HAMER & not HAVER as you currently have. Thank you.

Secondly I am delighted with the news that SITE 13 has been removed from the Local Plan. My friends in the local Community have worked hard for this result and we need to protect the Green Belt in this area so that future generations can enjoy this as a recreational facility as have my parents, my wife & I, my children & grand children over the 40 plus years I have lived and worked in this area.

To have the area designated as parkland or nature reserve with improvements such as footpaths, wild flowers, even the "boggy" parts could be turned into "wetland" areas planted out appropriately to attract more wildlife to the area which already has foxes, badgers, even muntjacs, along with woodpeckers, owls, bats, cuckoos and many other species of birds etc.

Pro

What a fantastic legacy to leave for future generations.

Thirdly Regarding Site (Allocation) 26 & whilst I appreciate fully the need for more housing and that this site is privately owned land there is still the huge issue of the infrastructure being unable to cope with the pressure on this area of Shirley, particularly with, say, an extra 800 cars twice a day at peak times on Bills Lane (which already has had a fatal accident & many less serious accidents) and in an area of Shirley which is already gridlocked as councillor Ken Clawtons has pointed out. Please do keep me on your register & keep me updated

Yours Sincerely

CC Nick PAGE.
