Re: Golden End
Drive Farm

Dear Gary Palmer:

We are truly concerned about Golden End Farm being mentioned as an Amber Site for development for housing.

This is Green Belt —
"which is disappointing daily"
This would be very bad for Knowle with its history of a historical village. Knowle would not be able to sustain that many people arriving — Parking — Schools Doctors they are full to capacity as it is.

What is the matter with

brown field sites around
the Area where New Schools
Doctors + adequate parking
would already be available.

Kenilworth road itself here
in Knowle cannot cope
with such an access of new
cars travelling in and around.

Also in Solihull there are
over a 1000 homes empty—

Why not take advantage of
these to provide homes.

This is such a good
consideration for Knowle.
We strongly object

Yours sincerely
Mr + Mrs James
