Dear Solihull MBC,

I am writing to say how relieved I and my neighbours (here in Lambeth close) are to hear of the proposal to mark Lambeth close as a RED SITE and NOT a good place to build.

This is our best news for years. We have all suffered from the trauma and anxiety caused by the possibility of losing our bungalows and the destruction of our lovely community.

So thank you Solihull MBC for having the understanding and empathy required to recognise our very serious situation.

Please leave us in peace, here,
Please

Sincerely
