21.2.2019

Dear Madam,

I wish to inform you of my strong objection to the continued harassment from the Council in trying to build houses on our green field area. The local residents are committed to defend the land from the bully-boy tactics used by the Council to obtain our green field area and we look to you as our local M.P to stop this re-occurring problem and give us your support as do the Fordbridge Council and the Green Party.

The grass cutting compound which is also in their plans, is a complete mess and we suggest it is grassed and is returned to its original state prior to the Parks department building being erected.

The local people are united in their resolve in keeping our green field area and will continue to oppose the Council from their land-grabbing strategy which they are doing all over the B37 area.

I await your reply
With relish

P. Heeks
