Dear Sirs

Re: Golden End Farm Ref A4

I was shocked and surprised to hear of plans to build houses on Green belt land in Kixley Lane and Kenilworth Road Knowle.

Spoiling the only country lane left in the village.

I would suggest you look at the many empty houses already in the borough, or is it your intention to ensure the whole borough is covered in concrete.

Some consideration is required for wildlife, plants and the general wellbeing of people.

I would have thought the thousands of homes built in Knowle over the past few years would have been adequate.

Yours Faithfully
