14 March 2019.

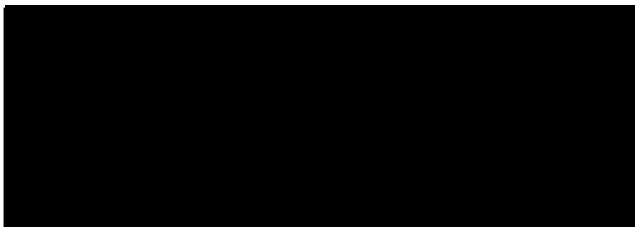

Dear Gary,

Re: Petition objecting to Allocation 12 of the LDP Review.

Please find attached to this covering letter a petition of **1302** people who object to Allocation 12 remaining in the Local Development Plan Review.

I have enclosed the front page of the on-line petition which explains the reasons for supporting it by the signatories.

Yours sincerely,

Objection to Allocation 12 in Solihull Local Plan

Click here to view the petition to Solihull Metropolitan Borough Council

Solihull Metropolitan Borough Council (SMBC) is publishing its Local Development Plan (LDP) and Allocation 12, which refers to Land South of Dog Kennel Lane' is a preferred development site.

This site, which will see the development of 1000 homes, will be built on land that is commonly known as 'Light Hail Farm'. This site configured with site 11 (TRW/The Green and Stratford Road) which is primarily brown field/commercial land.

The already gridlocked roads of Dog Kennel Lane and Tarnworth Lane already witness severe congestion at peak times and there is a serious burden on an area already seeing substantial development - BVP, CG, DH as well as commercial developments in the area. The immediate area, as well as Shirley in general will not be able to cope with the extra traffic this development will bring. In addition, Cheswick Green witnessed severe flooding in March and May 2018 and the risk of adding to flooding problems is high.

More information can be found by visiting

PETITION TO SOLIHULL METROPOLITAN BOROUGH COUNCIL

We, the below named, call upon Solihull Metropolitan Borough Council to reject the proposals for Allocation 12 within its Local Development Plan Review.

There is already a burden on an area seeing substantial development and Dog Kennel Lane and Tanworth Lane already witness severe traffic congestion at peak times. In addition, because of serious floods in the area in March and May 2018, with the substantial development ongoing in the area (some 2000 new homes either being built or which already has approval) it is essential that a period of time is allowed to examine how the existing infrastructure copes before adding to existing and reasonably forecasted problems.

Title	Name	Address	Post Code
