4. Do you consider the Local Plan is :

4.(1) Legally compliant	Yes	<input type="text" value="X"/>	No	<input type="text"/>
4.(2) Sound	Yes	<input type="text"/>	No	<input type="text" value="X"/>
4 (3) Complies with the Duty to co-operate	Yes	<input type="text" value="X"/>	No	<input type="text"/>

Please tick as appropriate

5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

Policy P4C sets out a range of criteria that the Council will have regard to when negotiating housing mix on allocated and windfall major development sites. Point 1 notes that the “current indicative Borough-wide needs assessment” and “the existing mix of market housing and local housing demand” will be taken into account. Point 3 of Policy P4C goes on to set out specific requirements for housing mix. Paragraph 31 of the (National Planning Policy Framework (NPPF) states that all policies should be underpinned by relevant and up to date evidence which should be adequate, proportionate and focussed tightly on supporting and justifying the policies concerned. The Council’s Housing and Economic Development Needs Assessment 2020 (‘HEDNA’) sets out a housing mix range rather than a rigid figure. As drafted, we do not consider that Policy P4C provides developers with flexibility and therefore consider that this policy is not effective (NPPF paragraph 35). Mix of housing should be considered at application stage on a site by site basis.

Paragraph 122 of the NPPF sets out the importance of planning policies to make efficient use of land taking into account: the identified need for different types of housing, local market conditions and viability, the availability and capacity of infrastructure, the desirability of maintaining an area’s character and setting and the importance of securing well-designed and attractive places [Savills emphasis]. The Council’s policy approach should acknowledge that not all sites will be able to meet an overly prescribed housing mix requirement because of site size, type of proposed development, site specific circumstances and viability.

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

We request that the Council include indicative housing mix ranges in Policy P4C in accordance with their HEDNA. Developers should be 'encouraged' not required to accord with the mixes set out in the explanatory text. Site specific circumstances, market demand and viability should play an important role in determining the mix of dwellings delivered on a site. This should be agreed on a site by site basis at the time of application.

**Please note** In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

**After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.**

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

**No**, I do not wish to participate in hearing session(s)

**Yes**, I wish to participate in hearing session(s)

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

To provide oral evidence and engage in the Examination discussions on this matter.

**Please note** the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.
