4.(1) Legally compliant	Yes	<input type="text"/>	No	<input type="text" value="x"/>
4.(2) Sound	Yes	<input type="text"/>	No	<input type="text" value="x"/>

Please tick as appropriate

5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

The original consultation represented a significantly smaller number of properties and was much less invasive upon the local amenities. Although each individual piece of Green Belt land may be small, this plan fails to take account of the accumulated impact of the overall representations.

The implications of increased traffic and pollution have not been considered. With the planned increase of land to be given to Jaguar Land Rover and the New Waste site, the increase of 700 houses in this area will lead to a huge amount of vehicular traffic, in particular that of large vehicles, and the increase in pollution, both of air quality and noise, have not been taken into consideration.

Consultation has been minimal and limited to only a few properties, whilst the impact is going to be significant on a much wider basis.

(Continue on a separate sheet /expand box if necessary)

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness

matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Much wider consultation needs to take place.

A co-ordinated consideration must be given to the environmental impact of this and nearby suggestions.

A much smaller number of perperties would have less physical impact, and this section of the plan needs to be amended.

(Continue on a separate sheet /expand box if necessary)

Please note *In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.*

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

No, I do not wish to participate in hearing session(s)

Yes, I wish to participate in hearing session(s)

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.
