

To Solihull Council.
Re - "Draft local plan
consultation",

Spatial Planning,
Council House,
Manor Square,
SOLIHULL,
B91 3QB

Dear Council, Since the 1960's
when we moved into Shirley,
there have been many changes -
houses in this road have been
expanded, up/out/back, therefore,
more people needing more living
services. (still the same Rate Tax)
Sites which were business
properties, would become residences,
needing 24 hour services.

PTO

E.G. Office Outlet (proposed),
porcelanosa (on a very busy
x roads roundabout, and already
next a block of flats, a retirement
home, more flats and suggestions
to build all the way to the Green
by (TRW). — this is no longer TRW!)
There will be no gaps of Green Belt
as they are followed by Two
Car Sales buildings.

Shirley Police Station has now
become a block of flats — next
to a block of flats. More people —
more services demanded.

Shirley is becoming the
"dormitory town" for Solihull!

I urge you to reconsider
your plans — think of all those
people lumped together in
a crisis! yours sincerely
