I moved to this area because of the many surrounding green spaces and was surprised to find out in this policy document that numerous local areas in the green belt are to be built over.

I do not think that the implications of Covid-19, Brexit and the serial liquidation of retail premises have been taken into account in terms of freeing up additional space which might be available as an alternative to the green belt.

(Continue on a separate sheet /expand box if necessary)

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

To make the plan sound a proper study needs to be carried out to model the surplus office, retail and manufacturing spaces that will potentially become available over the next 10-15 years as a consequence of retail moving online, Covid-19 and Brexit, particularly if no deal occurs. In fact, you could argue that Brexit is so fundamental to the West Midlands that no plan of this nature should be signed off until the picture becomes clearer.

Only after this analysis has been completed and evaluated should green belt land be considered for use.

(Continue on a separate sheet /expand box if necessary)
