4.(1) Legally compliant	Yes	<input checked="" type="checkbox"/>	No	<input type="checkbox"/>
4.(2) Sound	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>
4 (3) Complies with the Duty to co-operate	Yes	<input checked="" type="checkbox"/>	No	<input type="checkbox"/>

Please tick as appropriate

5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

We **object** to the policy wording that a minimum standard should be applied across the whole Borough in relation to green space. This should be something that is informed by ward level data, as set out in the open space assessment and taking into consideration at a site by site basis at the planning application stage. Strategic priorities can be set, but to provide a specific green space standard at a Borough wide level is unduly onerous.

We **object** to the requirement in point 10 that new development should look to accommodate the needs of existing population. Although it is likely that the existing population will use any open space provided, it should be remembered that any contribution or enhancement to be agreed through a section 106 agreement should be directly related to the development and take account of the tests of regulation 122 of The Community Infrastructure Levy Regulations (2010) and NPPF paragraph 54 and 56.

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Point 10 of the policy should be amended to remove the reference to a Borough wide minimum standard of Green Space, as this does not allow the policy to be effective.

Reference should also be removed providing for the open space needs of the existing population as this would be contrary to regulation 122 of the Community Infrastructure Levy Regulations (2010)

Please note In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

No, I do not wish to participate in hearing session(s)

Yes, I wish to participate in hearing session(s)

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

To provide oral evidence and engage in the Examination discussions on this matter.

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.
