Please tick as appropriate

5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

The purpose of this policy is to safeguard the best and most versatile agricultural land in the Borough, and to identify land designated as Green Belt which is to be kept permanently open in accordance with national Green Belt policy.

So far as Green Belt provisions, paragraph 136 of the NPPF makes clear that Green Belt boundaries should only be altered where exceptional circumstances are evidenced and justified through the preparation or updating of plans. Thus, the Local Plan Review is the correct process for re-considering Green Belt boundaries.

We consider that the Council have explored in detail the changes to Green Belt boundaries in the context of removing land for the purposes of positive allocation (most notably for housing), however the Council have not given due consideration to revisiting Green Belt boundaries where land no longer fulfils a Green Belt function.

One such example is at Gentleshaw Lane, Solihull, where a process of new development inset within the Green Belt over a period of many decades has taken place such that the resultant extent of Green Belt land no longer fulfils a Green Belt function and as such, Green Belt boundaries should be redrawn to reflect this change in circumstances.

We attach a short document previously submitted to the Council identifying the position in relation to Gentleshaw Lane.

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The Council should give much greater consideration to Green Belt boundaries and whether these should be redrawn, not solely in relation to the provision of positive allocations of land but instead to reflect the change in circumstances which justifies a review as to the extent land fulfils a Green Belt function. Gentleshaw Lane, Solihull is one such example whereby the lack of any change to Green Belt boundaries undermines the permanence of Green Belt and the robustness of policy seeking to maintain openness.

**Please note:** In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

**After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.**

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

**No**, I do not wish to participate in hearing session(s)

**Yes**, I wish to participate in hearing session(s)

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

We raise serious issues which go to the heart of soundness. We consider that our submissions are best reviewed orally, along with other participants who will no doubt be making similar representations, to best assist the Inspector(s) in coming to a view as to whether the Local Plan Review should proceed to adoption, modified or not.

**Please note** the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.
